| Criteria   | Sub-criteria   | Score of subcriterion /10 | Weighting factor of subcriterion | Score of criterion /20 | Total criteria scores |
|--|--|---------------------------|----------------------------------|------------------------|-----------------------|
| CRITERION 1 : DOCUMENTATION                                | 1.1 Availability of the technical documentation and other documentation related to user and maintenance instructions | 5                         | 2                                | 10                     | 61,6                  |
| CRITERION 2 : DISASSEMBLY, ACCESSIBILITY, TOOLS, FASTENERS | 2.1 Ease of disassembly (broken/malfunctioning parts)  | 8,7                       | 1                                | 17,9                   |                       |
|  | 2.2 Necessary tools (broken/malfunctioning parts)  | 10                        | 0,5                              |                        |                       |
|  | 2.3 Fasteners characteristics (functional parts and broken/malfunctioning parts)                                     | 8,5                       | 0,5                              |                        |                       |
| CRITERION 3 : AVAILABILITY OF SPARE PARTS                  | 3.1 Availability over time (broken/malfunctioning parts)   | 0                         | 1                                | 1,7                    |                       |
|  | 3.2 Availability over time (functional parts)  | 0                         | 0,5                              |                        |                       |
|  | 3.3 Delivery time (broken/malfunctioning parts)  | 3,3                       | 0,3                              |                        |                       |
|  | 3.4 Delivery time parts from List 1  | 3,3                       | 0,2                              |                        |                       |
| CRITERION 4 : PRICE OF SPARE PARTS                         | 4. Ratio between price of broken/malfunctioning parts and price of the product                                       | 7                         | 2                                | 14                     |                       |
| CRITERION 5 : SPECIFIC CRITERION                           | 5.1 Information about type of updates  | 10                        | 1                                | 18                     |                       |
|  | 5.2 Free remote assistance   | 6                         | 0,5                              |                        |                       |
|  | 5.3 Possibility to reset softwares   | 10                        | 0,5                              |                        |                       |
| <b>Reparability index on 10</b>                            |  |                           |                                  |                        | <b>6,2</b>            |

\* list 2: list of a maximum of 3 to 5 spare parts (depending on the category of equipment concerned) whose breakage or malfunctioning are the most frequent;

\*\* list 1: list of a maximum of 10 other spare parts (depending on the category of equipment concerned) whose good condition is necessary for the operation of the equipment.
